## THE ERA AND MR. SEPAK.

The nomination of Mr. J. H. Sepak as a candidate for Superintendent of Public Works, is an insult to every working-man in the State. The salary is only three hundred dollars and the Democrats propose to abolish the office as soon as they get the power. To nominate a working-man for an office of this character is a direct and wanton insult to every man who earns his daily bread by the sweat of his brow.

We are astonished that Mr. Sepak should allow himself to be made a tool to advance the cause of a decaying aristocracy who have no sympathy with the toiling masses of our people.—*Raleigh Era.*

The above extract shows to what straight the Radicals are reduced in order to make a little political capital.

Nothing can be more contemptible than the silly demagogism and ridiculous nonsense comprised in the quotation from the *Era*.

What will Silas Burns, the Radical candidate for Superintendent of Public Works, say to the language of the *Era*, when it says: "To nominate a working-man for an office of this character is a direct and wanton insult to every man who earns his daily bread by the sweat of his brow?" Mr. Burns was nominated as a working man, and as a representative of the working-men.

What will he say to the "direct and wanton insult" which the Radical party has cast upon him by the nomination for such an insignificant position?

If the nomination be an insult to Mr. Sepak and his friends, it must be equally so to Mr. Burns and his friends.

According to the *Era's* absurd and preposterous position, had Mr. Sepak been nominated for Auditor or Secretary of State, it would have been a very handsome thing, but to be nominated for an office that pays only \$300 per annum is an insult!

It is strange that the *Era* cannot discriminate between principal and spoils. Mr. Sepak is not so mercenary as to measure his principles by the amount

of pay he would receive from a certain office. He sought no office at the hands of the party. The recognition of his claims and the claims of the working-men was a high duty that the party owed to itself, and that duty was handsomely performed by placing one of the most successful and most highly esteemed working men of the State upon the State ticket.

Mr. Sepak is too honest and high-minded to sell his principles for the paltry pay attached to the salary of any State office, and it is the height of impudence in the *Era* to allege that "every man who earns his bread by the sweat of his brow is insulted" by the nomination of Mr. Sepak for Superintendent of Public Works.

"A tool" indeed! Such language as that used by the *Era* is an insult to Mr. Sepak and the working men of North Carolina, which they should properly resent at the ballot box.

The *Era's* vision is bounded by the spoils of office. Its party, without the incentive of pay, could not be held together for a day. It is perhaps natural that that paper to have an eye for the main chance, and to think everybody else is similarly influenced.

The truth of the matter is, Mr. Sepak's admirable address to the working-men of North Carolina, which is being copied and approved by the whole Democratic press, is one of the most effective campaign documents that has yet been issued, and is doing great good for our cause. The *Era* sees this effect, and hence its unjust slings at Mr. Sepak.

Such attacks however, can do no harm. Let the *Era* continue them. The workingmen of North Carolina will proudly unite under the banner which Sepak waves aloft—for they know that Radical race, if perpetuated in this State, will lay its withering hand upon their interests and prosperity—and bring poverty, and ruin, and shame in the end.

## DR. L. W. MARTIN.

This gentleman, who has been practicing his profession in Cumberland County for several months, paid us a visit on yesterday. He informed us that he was on his way to Carteret, where he expects to reside in future. In fact, Dr. Martin did not give up his residence there when he went to Cumberland.

Since the Doctor's arrival in the city we have received a communication in regard to his position, which will be found in our columns to-day. We do not believe the report referred to in the article, and we only publish it to express our earnest hope that Doctor Martin will not lend himself to the party which he has heretofore opposed so bitterly.

We have a high personal regard for him, and we shall certainly regret to see him place himself in a position of hostility to the Democratic organization. It was but a few weeks since that a Democratic Convention in Carteret expressed their approbation of his course in the Legislature, and recommended him to the Greensboro Convention for the position of Secretary of State.

We cannot—we will not believe, that Doctor Martin will now desert his colors or lend his influence, directly or indirectly, to injure and break down the Democratic party.

He has heretofore done faithful and gallant service against Radicalism, and we shall expect to see him in the future as in the past, standing by our flag and cheering our candidates by his strong and well directed blows against the enemy.

## GREELEY'S PROSPECTS.

The political skies are constantly changing. The popular sentiment is as variable as the clouds and sunshine of an April day.

In the political world, we may say truly, we cannot tell what a day may bring forth.

A few days since, we announced that the Democrats of Indiana, Voorhees' State, where we expected an anti-Greeley delegation, had passed resolutions endorsing the Cincinnati ticket, and had appointed Delegates to Baltimore pledged to the acceptance of the Liberal Republican nominees.

On yesterday, we published a card from Schurz and other Liberal Republicans, calling for a conference in New York to-morrow of two hundred leading politicians, to whom the circular was personally addressed, with a view of taking steps to unite all the opposition element of the country to defeat Grant. What this means we do not precisely understand, as the signers of the card were all members of the Cincinnati Convention—and assisted in adopting a platform and nominating candidates there, for the very purpose stated in their card.

Are they not satisfied with their work?

As the purposes of this new movement will be developed in a day or two, we do not deem it necessary to discuss its policy or necessity.

Elsewhere we publish an article from the New York *Evening Express*, giving a favorable view of Mr. Greeley's prospects.

Louis Napoleon's old scheme for making Paris a seaport, accessible to steamers of sea-going size, has once more been revived.

The Griffin *News* hoists the name of Hon. Alex. H. Stephens for the next Governorship of Georgia.

## THE TRIBUNE.

We have received the first number of the *Tribune*, a weekly newspaper, published in Salisbury, N. C.; H. H. Helper, Esq., Editor. It is well filled with able and valuable Liberal Republican documents.

The *Tribune* was originally designed as a campaign paper, to labor in the interests of the Liberal Republican nominees, but Mr. Helper has concluded to establish it permanently.

In the Salutory, the Editor says of the purposes of the *Tribune*:

"It will be devoted to the cause of Liberal Republicanism and Reform in North Carolina. It will labor with all its energies to secure the election of Greeley and Brown, and those candidates who may be their supporters. No pains will be spared to make it equal to any weekly in the State."

The first number contains an electro-gram of Mr. Greeley, which a distinguished gentleman of our city, who served with him in Congress, pronounces excellent.

Terms of subscription: One year, in advance, \$2.00; six months, \$1.00; 10 copies one year, to one address, \$18.00; six months, \$9.00.

## LET THE TRUTH PREVAIL.

The Raleigh *Era* continues to charge that Judge Merrimon is opposed to the Homestead provision in our State Constitution. We publish to-day Judge Merrimon's letter, written in July, 1871, which sets the matter at rest by showing how groundless is the charge out of which the Radical organ attempts to make political capital.

It will be seen that Judge Merrimon says he has been uniformly in favor of a Homestead policy, and that if he could interfere with that provided in the Constitution, he would do so only to make it more definite, certain and secure.

The letter of Judge Merrimon is addressed to the Raleigh *Telegram*, and is a reply to an editorial in that paper, charging that Judge Merrimon was opposed to the Homestead.

Will the *Era* have the manliness and fairness to publish Judge Merrimon's letter, and let its readers see how our candidate for Governor stands on the Homestead question? We will see.

## ANOTHER COLORED OFFICIAL COMES TO GRIEF.

We learn from the Charlotte *Democrat* and Statesville *Intelligencer*, that John T. Schenck, colored, Mail Agent on the Atlantic, Tennessee and Ohio Railroad, and late delegate from Mecklenburg to the Radical State Convention, was arrested on Saturday last on the charge of concealing stolen tobacco, knowing it to be stolen. The stolen tobacco was actually found concealed in his own mail car. So conclusive was the proof of his guilt that no decent white man would go his security, and he is now in jail in Statesville.

And yet this vile negro is appointed to one of the most responsible offices in the gift of the Government—an office requiring much intelligence and unsuspected integrity of character—appointed too, in the midst of a community where the white race greatly predominates—and a community noted for its virtue and intelligence. Yet such a people must be humiliated by having a dishonest and dirty negro to assist and supervise their correspondence.

And so it is all over the South, the negro put over the white man, and the white man degraded by the Radicals. Even white prisoners in our jails are guarded by negroes—in the most offensive and conspicuous manner.

"How long will you abuse our patience?"

## PROSPECTS FOR GREELEY.

[From the N. Y. Evening Express.] Information now concentrated here, leaves no earthly doubt of the nomination of Greeley at Baltimore by a great, a very great majority, probably two-thirds and more. The nomination will be a cheerful, hearty one, and will start commanding success. When the nomination is made, 999 out of every 1,000 Democrats will come into the line, and for every Democrat lost, there will be ten Republican gains.

We have now, as far as conventions have been held, every Western State pronouncing for Greeley, including—despite Dan Voorhees' pronouncement—Hendricks, the old staunch Democrat, and George W. Julian, the earliest of old Abolitionists, have joined hands there, and a Republican ticket, with Kerr, (Democrat.) Hendricks will be elected, then go to the Senate, and the Democratic candidate for Lieutenant Governor, who is a Methodist of great wealth, will take his place as Governor of the State. Morton will thus be permitted to stay at home.

The Eastern States will all be Greeley. There are a few exceptions—one, perhaps, in Rhode Island. The Central States will all be Greeley, Delaware excepted, whose ears have not yet been opened to the fact that the nineteenth and fourteenth amendments are irrevocably in the Federal Constitution. There may be some little trouble from New Jersey, but there are no great signs of it. The majority of the Pennsylvania delegation are known to be for Greeley, and in the end the vote of the State, it is believed will be a unit.

The Southern States without exception will be Greeley, unless there be a divided vote from Georgia, where the Bonaparte element has not yet heard of the civil war.

In Baltimore, where the Convention is to be held, the enthusiasm for Greeley is intense. The boys are preparing the biggest sort of demonstrations to welcome the New Yorkers and all the other States of the Union.

## Judge Merrimon on the Homestead.

[From the Telegram July 18th, 1871. Messrs. Editors.—My attention has just been called to the editorial columns of your paper of yesterday, in which, by suggestion rather than positive assertion, you give the public to understand I am opposed to the Homestead provisions of the present Constitution of the State. In this you do not only do me injustice, (about which I would not trouble myself,) but you also do the public prejudice, to the extent that my opinion in reference to the matter may have weight and influence in the approaching election; and I trust you will correct any erroneous impression you have made by publishing this paper.

The suggestion you make to the above effect is entirely groundless. On the contrary, I am and have been uniformly in favor of a homestead policy, and if I could interfere with that provided in the constitution, I would do so only to make it more definite, certain and secure.

I base my support of a homestead provision in the constitution on the high and broad ground of sound public policy, as well as the further grounds that it is wise, just and humane and promises and illustrates a higher state of civilization.

The State and society have a direct and important interest in the rearing of every child in the land—to see that it is educated in a sound morality and fitted for useful citizenship. It is manifest that this cannot be well or tolerably done if the parents are homeless wanderers. Every family ought to have a home, however humble, in which they are secure. It promotes domestic happiness, stimulates efforts to self education, moral and religious improvement, and it gives permanency to character and fidelity to citizenship—indeed, it is emphatically essential to the latter.

The Convention act expressly prohibits the proposed Convention from interfering in any way with the present homestead provision in the Constitution, but I regret to find yourselves and others seeking groundlessly to excite the fears of our impoverished people by suggesting that the Convention, if called, might and would establish a new Supreme Court, and provide for the election of new Judges, who might decide this homestead provision inoperative under the Constitution of the United States, as to "old debts."

Now no one has any authority to say that the present Supreme Court will be abolished, but suppose that it shall be, how does it follow that new Judges will decide as you suggest? What ground have you, or any one else, for suggestions? If new Judges shall be elected, they will be North Carolinians, and in sympathy with the people as much as the present Judges. Will they not be so? What motive could they have to injure the poor and helpless, especially when our whole people are more or less impoverished? Do you really, they would so decide because the law is otherwise? Then, would you have them make a dishonest and corrupt decision? You will hardly say so.

But there is not the slightest ground for this suggestion, for a homestead policy is a sound and highly important public policy—it is rapidly becoming an American policy as well as the fixed purpose of our people. This of itself will have some weight with any court. Then, it has been held by the highest and very respectable judicial tribunals in several other States than our own, that the homestead provision has a retro-operative effect, and these decisions are authority and will have weight with any intelligent judge or jury. Supreme Court that may ever sit in this or any other State. But further still, our own Supreme Court has decided likewise, and this decision is binding in a very high degree on any subsequent court in the State. Now, in view of the manifest policy of the State, the decision in other States and the express decision in our own State, would any conscientious judge, even if he had legal doubts of his own, undertake to over-ride and reverse these decisions, and especially while the Supreme Court of the United States has made no decision to the contrary? No reasonable person can so believe for one moment. So that it appears that any future Judge would have every motive to support the homestead policy of the State, and would have the authority to do so of the highest judicial power in this State, and other States as well; and so it further appears, that your suggestion to the fears of the people is idle and groundless.

But there is a positive provision in the present Constitution that places in the most imminent peril every household in the State. It is provided in section two of article ten of the Constitution, that "no property shall be exempt from sale for taxes," and this clause in the very section that provides for the homestead.

Now if the legislature shall levy from the people the taxes they are sworn and bound by the present constitution to levy, such taxes will in a short while swallow up every household in the State. I am prepared to show by the most indubitable facts and statistics, that the people of the State, under the existing constitution, will have to pay into the treasury of the State, annually, over fifty per cent. of their income, and the balance of it will be engulphed by Federal and county taxes. This result is inevitable under the existing constitution, as I show fully to the satisfaction of hundreds who are honestly seeking after information to control their action at the approaching election. The man who has but a homestead is generally the least able to pay oppressive taxes, when they come, the homestead will certainly go by express provision of the constitution, as it stands.

The unfriendly suggestion that I, at any time, solicited contributions of money from friends to present a test case to the Supreme Court of the United States, is utterly groundless and scandalous.

And there is not the slightest ground for the further suggestion, that many leading lawyers, and lawyers generally are opposed to homesteads. Can you assign any reason why they should be? There is no class of men as a class more in warm sympathy with the people than lawyers—they are linked to the people by the strongest ties of interest as well as good fellowship, and I may add, there is no class of people as a whole, more deeply interested in homesteads!

Very respectfully,  
Raleigh, July 17, 1871.

VALUABLE LAND FOR SALE

IN THE COUNTY OF WARREN.

I offer for sale, five hundred and two (502) acres of land, situated in the county of Warren, on Shocco Creek, adjoining the Sulphur Springs. Tract of Col. J. M. Hook, on both sides of the Turnpike Road, leading from the Sulphur Springs to the flourishing Town of Ridgeway, on the Raleigh and Gaston Railroad, and nine miles from the latter place. There is an Overseer's house, three cabins, corn-crib and stables on the premises. About one-fourth (1/4) of the tract is in original growth of oak, hickory, &c., one-fifth in second growth pines. The soil is sandy, loam and chocolate-surface undulating—well watered, and about 80 acres of rich bottom land. It yields excellent crops of corn, tobacco, wheat, oats, clover, &c. This is one of the best tracts of land in this section, and will be sold on reasonable terms.

Dr. George Fields, who resides near the land, will take pleasure in showing it to persons wishing to examine it, and is authorized to negotiate for its sale.

SPECIAL FEATURES AND ADVANTAGES.

1st. No restriction on Residence or Travel.

2d. No extra charge on lives of Females.

3d. Policies incontestable after Five Years.

4th. The Rates of Interest on the Funds of the Company are higher than those of the Funds of Companies located in other States, thus insuring larger Dividends to Policy Holders.

5th. The Directors and Officers of the Company are prominent NORTH CAROLINIANS, who are KNOWN to be men of INTEGRITY and WORTH.

6th. The Company is established on a solid and permanent basis, steps having been taken to increase the Capital Stock to \$500,000.

7th. ALL THE FUNDS OF THE COMPANY ARE INVESTED IN THIS STATE AND CIRCULATED AMONG OUR OWN PEOPLE. This fact should commend the Company, above all others, to North Carolinians. It is well known that hundreds of thousands of Dollars in Life Premiums are annually sent North to enrich Northern Capitalists, thus continually draining our people of immense amounts which should be kept at home. On this ground the friends of this Company confidently appeal to every one of the Old North State, and ask their support for this HOME INSTITUTION, which, while it offers substantially all the advantages of Northern Companies, helps to build up HOME INTERESTS.

CLEOPATRA DYING.

Sinks the sun below the desert,  
Golden glows the sluggish Nile,  
Purple flame crowns sphinx and temple,  
Lights up every ancient pile;  
Where the old Gods now are sleeping,  
Iris and Osiris great,  
Guard me—help me—give me courage—  
Like a Queen to meet my fate.

"I am dying, Egypt dying,  
Let the Caesars' army come,  
I will cheat him of his glory,  
Thou' beyond the Styx I roam,  
Shall he drag this beauty with him—  
While the crowd his triumph sings?"  
No, no never! I will show him,  
What lies in the blood of Kings.

Thou' he hold the golden sceptre,  
The Pharaoh's sunny land,  
Where old Nilus rolls resistless,  
Through the sweeps of silvery sand,  
He shall never say I met him—  
Fawning, subject like a slave,  
I will foil him, tho' to do it  
I must cross the Stygian wave.

Oh my hero, sleeping—sleeping,  
Shall I meet you on the shore?  
Of Phutonian shadows shall we  
In death meet and love once more,  
See I follow in your footsteps,  
Scorn the Caesars and his might,  
For your love I will leap boldly—  
Into realm of death and night.

Down below the desert sinking,  
Fades Apollo's brilliant car;  
And from out the distant azure,  
Breaks the bright gleam of a star,  
Venus, Queen of love and beauty,  
Welcome me to death's couch,  
Dying free, proud and triumphant—  
The last sovereign of my race.

Dying, dying, I am coming,  
Oh, my hero, to your arms;  
You will welcome me, I know it,  
Guard me from all rule and arms,  
Hark I hear the legion's tramp,  
Hear their cries of triumph swell,  
But proud Caesar dead, I scorn you,  
Egypt, Antony, farewell.

GUANO GUANO!! GUANO!!!

WALNUT HILL, N. C., Feb. 16, 1872.

Messrs. A. G. Lee & Co., Raleigh.

GENTLEMEN:—By your request, I herewith

submit the result of an experiment on cot-

ton, with different kinds of Guano pur-

chased of you last season. I planted twenty

rows, using on the first four nothing,

On the 2nd four, 54 lbs of Phaine,

" 3rd " " " " " " " "

" 4th " " " " " " " "

" 5th " " " " " " " "

Phaine and Peru-

lian mixed (1-5 Peruvian and 4-6 Phaine)—

the belt of land all being of the same qual-

ity. The Guanos were all accurately weigh-

ed when put in, the cotton carefully weigh-

ed from each set of rows when picked out,

and the cost of each kind of Guano correct-

ly calculated; with interest at 8 per cent.

per annum added. Taking the first four

rows (without Guano) as a basis, the follow-

ing is the result:

Net profit on the 2nd four

(Phaine) on the money laid

out, 71 1/2 per cent.

Net loss on the 3rd four (Pe-

ruvian) on the money laid

out, 10 1/2 per cent.

Net loss on the 4th four (Bat)

on the money laid out, 20 1/2 per cent.

Net profit on the 5th four

(mixture) on the money laid

out, 91 per cent.

The cotton was put at 6 1/2 cents per pound

in the seed.

Very respectfully yours,

A. T. MIAL.

We can furnish all the above kinds of

Guano here at the following rates for cash:
